MISSOULA NOTES.

Mrs. J. A. McGowan of Plains and Mrs. Gus Maritz of this city, returned today from a six weeks' visit with friends in Salt Lake. Mrs. McGowan was met here by her husband, with whom she continued her journey to her home.

The Salvator, J. B. Haglins' private car, was attached to No. 1 today.

C. F. Ellingsworth, a Chicago newspaper man, is spending some time in Missoula with his wife. He is a guest at the Florence and expects to remain in the city for five or six weeks.

C. E. Muzzie of the Granite hot springs, spent Sunday in town and left today for the springs. Mr. Muzzie says that everything is in winter quarters on the Lou Lou, and that the trail will be snowy in a few days if the present weather continues.

J. B. Long of Butte is registered at the Rankin today.

Mrs. J. A. McDermott of Drummond spent Sunday in Missoula.

E. H. Shay, the Northern Pacific cow corner, is making a business visit to Missoula in connection with stock claims against the railway company.

J. C. Maslin of Chicago has his name on the register of the Florence today. Mr. Maslin is interviewing the local grocers.

H. W. Murphy came in from Anaconda this afternoon and left for Hamilton on the Butte-Hot River.

Brakeman Ferguson, who lost his leg in the recent accident at Thompson Falls, is improving rapidly at the railroad hospital, and was able to sit up for a little while this afternoon.

W. B. Russell, county commissioner, came up from Eddy last night to attend the meeting of the new board today.

A train load of cattle from the reservation found for the Eastern route, passed through Missoula this noon, running on special time. The cattle are all in fine shape and the shipment is one of the best that has been made from this section this year.

Joseph Sawhill has purchased an interest in the Klondyke and is now in partnership with Harvey Riggs.

CITY COUNCIL MEETING

A Large Amount of Routine Business Was Transacted.

SALARY BILLS WERE READ

Central School Walk Resolution Referred Back to the Committee.

Baker Dies His License—The City Hall Bonds Paid.

Missoula, Nov. 8.—The city council met to-night in adjourned session, with Alderman Greenough, president of the council, presiding. The minutes of the preceding meeting were read and approved and the customary routine business was transacted. The sidewalk resolution for a walk to the Central school from the railroad was read and discussed. This resolution was at the last meeting referred to the street and alley committee by Mr. Greenough, who said that, for personal reasons, which he stated he had preferred not to report and had left it to the other members of the committee. There have been numerous trees planted around some of the vacant property that was covered by the resolution and the building of the walk would expose these trees to stock and teams. The council desired to protect these trees and desired that, if possible, the walk be built on the opposite side of the streets from those named in the resolution. In order that such a change might be made, if possible, the resolutions were referred back to the street and alley committee, Owen objecting.

The regular salary bills were read and ordered paid. The water and light bills this month were ordered paid as usual, but were referred to the auditing committee with the expense bills for last month. Expense bills for September and October were reported by the auditing committee with the approval of the committee and were ordered paid. The council then, on motion of Alderman Darbee, ordered payment of the light and water bills, with the understanding that these accounts hereafter go to the auditing committee.

A batch of bills which had not been approved by the auditing committee were taken up. The bill of City Engineer Hughes after some hot discussion, was ordered paid. The bill of M. C. Pepple for lumber was allowed. The bill of Taylor & Kern was referred back to the auditing committee. City Clerk Hughes read an order addressed to him, authorizing him to issue a license to Levi J. Baker for a saloon in the Senate building instead of in the Junco building. The order was signed by Mayor Webster and six aldermen. This is the license which was refused at the last meeting and the matter was opposed by Kern. He had no support, however, and the license was granted by vote of the council. Harpster & Lewis asked for a license to conduct a saloon in the Headquarters building, and their petition was granted. On motion of Mix the petition of Frank Mix and others for a sidewalk in South Missoula was reconsidered and referred again to the street and alley committee. Antoine Deschamps asked that the council order the construction of some guard rails on the bridge over the Knowles ditch, near his house. The petition was referred to the street and alley committee.

The council took a recess in order to act upon the sidewalk petition. During the recess the street and alley committee looked over the petition, and after the council convened reported favorably upon the petition, after making the suggested changes in the resolution regarding the sidewalk leading to the central school building. The walk was ordered built.

The council to-night had the satisfaction of looking at \$5,000 worth of city bonds, which have been paid and canceled. The remainder will be paid in January.

The report of the police judge for October showed that \$114 had been collected in fines, all from women in the bad lands. The city clerk reported salary warrants issued, \$788.32; expense warrants, \$846.57; license collected, \$1,635.55. The city treasurer reported the following balances on hand: General fund, \$1,131.91; fire fund, \$29.97; road fund, \$25; library fund, \$279.53.

COUNTY CHANGES HANDS.

The Old Board Steps Out and the New Board Comes In.

Missoula, Nov. 8.—It was 3 o'clock this afternoon when General Marion and Gaspard Deschamps left the court house and walked out to the street, where the general clinched his buggy and started for Frenchtown, while Mr. Deschamps walked downtown. They had completed the business of the old board of county commissioners, and for the first time in eight years General Marion was not a citizen. John Rankin, the third member of the old board, met with the others this morning and helped wind up the affairs of the old administration. This work was completed at noon and the work this afternoon that the old board had to do consisted of mere formalities.

General Marion has been chairman of the Missoula board of county commissioners for eight years, and in that time has shared the responsibilities of the administration of the county's affairs with a succession of commissioners. The changes caused by the resignation of Ravalli and Flathead counties having caused some quick and numerous changes in the membership of the board, the resignation of General Marion was a valuable change in all of these changes, as his familiarity with the law governing the affairs which come under the consideration of the board is thorough and there are few attorneys who are as well posted as he in matters of this kind. He has been a conservative officer, and through the critical times which the county has lived in the past few years, he has held the helm and has acted wisely. Messrs. Deschamps and Rankin have been in office since 1894 and have made good officers. They retire with a record that will compare favorably with that of any board of county commissioners that this county has ever had. The expenses of the county have been materially reduced and the finances of the county placed in as good shape as possible. With the enforcement of the delinquent tax regulations which was ordered at the last regular meeting of the board, the county's affairs will be excellent condition.

The new board consists of A. P. Tietjen and J. R. Latimer of Missoula and W. B. Russell of Eddy. Politically the board is divided, as was the last one. Mr. Russell is a democrat. Mr. Tietjen is a silver republican and Mr. Latimer is a populist. On this score, however, they are evenly divided. Mr. Latimer had had experience as a commissioner, having served one term before with General Marion. He is considered as the representative of the farmers of the county, as he is one of the leading stock breeders and grain raisers of the county. Mr. Russell is a prominent

lumber man, having a sawmill in the western part of the county, and Mr. Tietjen is well known in the city as a prominent merchant and cigar manufacturer. This distinction seems to afford the business interests of the county good representation, and the board ought to make a good record.

The members took hold of the business this afternoon like old timers and disposed of the business before them with promptness and expedition.

By a singular coincidence, the last act of the old board and the first of the new, were almost identical. The old board appropriated enough money from the poor fund to buy a ticket to Plaine for a deserving man, and this afternoon the new board took similar action in the case of a woman, who wanted to go to Spokane. When the board had taken this action, final adjournment had been taken, and the new board was called to order by County Clerk Dickinson. J. R. Latimer moved that A. P. Tietjen be elected chairman of the board. This was seconded by Mr. Russell and the motion was carried by the clerk. Mr. Tietjen assumed the chair and the board was ready for business. The first business to be taken up was the granting of the aid referred to above when the new board disposed of the commissioners had a session with Surveyor Fawcett in regard to the work that is to be done this fall on the county roads. This talk occupied nearly all of the afternoon and when it was concluded the board adjourned.

STATE LANDS.

It Will Be Several Years Before They Are on the Market.

Missoula, Nov. 8.—In speaking of the Standard's article of Sunday in regard to the selection of state lands in this section, J. L. Slone, who was formerly clerk in the United States land office here, said to a reporter: "In connection with the matter of the selection of lands for the state, there is a point that ought to be mentioned. Out of the 600,000 acres that have been selected in the state, 300,000 acres are in the Missoula land district. While this shows that we have the best land in the state, it works a disadvantage from the point of view of the state by removing from settlement and improvement this vast domain of choice land.

It will be several years before this land will be on the market at anything like reasonable prices, as the law fixes the minimum price at \$10. If a change could be made in this law so that the lands could be sold at their proper value, it would result in their being on the market at once and there would be sales at once. Of course, this would result in a loss to the estimated amounts that the state educational institutions will receive from this endowment, but it would build up the state much more rapidly. You make no mistake when you say that the lands that have been chosen for the state are among the best in the country. That is a fact, and if the lands were to be sold at an appraised valuation there would be an immediate demand for them."

County Records.

Missoula, Nov. 8.—The following instruments were filed for record to-day with the county clerk:

Warranty deed—Thomas J. McNamara of ex. Hattie McNamara, widow, and half of northeast quarter and northeast quarter of northwest quarter of section 21, township 13 north, range 20 west, 129 acres, \$800.

Quartz location—Jumbo lake, Trout creek, W. J. Kinney, George W. King and Louis Koster.

Placer locations—Virginia and Ohio claims, 20 acres each, on Trout creek, W. J. Kinney, George W. King and Louis Koster.

Trains on Time.

Missoula, Nov. 8.—The Northern Pacific hung its banners on the outer walls to-day. Both of the evening trains reached Missoula on time. This was something that had not happened for so long a time that the public could scarcely believe it. There were several passengers who were missed by the westbound train, so confident were they that it would be late when it arrived here.

Ravalli County District Court.

Stevensville, Nov. 8.—The district court of Ravalli county convened here to-day, Judge Woody on the bench. The day was principally taken up with preliminary business. The sheriff reported the jury venire and the trial of the cases set for this term of court will be proceeded with as rapidly as possible. The county commissioners have been in session to-day and the new board will assume the duties of the affairs of the county from now on.

A Hot Game Promised.

Missoula, Nov. 8.—The Tigers will go to Anaconda Sunday for a game of football with the local team. A hot game is promised and it is probable that there will be a delegation from this city accompany the players. The state university team will play here Friday afternoon and the eleven from the Butte Business college and a good game is looked for.

A New Bill Sale.

Missoula, Nov. 8.—E. Goughnour today sold to Saltspears parties a saw mill which he had in the eastern part of the state. It has been erroneously reported that the sale covered Mr. Goughnour's extensive plant at St. Regis, but this is not so. Mr. Goughnour states that he has no intention of disposing of this plant.

Thirty Days Each.

Missoula, Nov. 8.—As a result of the gambling row at the Indian camp on the Rattlesnake Saturday night, Foker Jim and Joseph today received a sentence of 30 days each in the county jail of the Peace Officers and Isaac, the third of the assailants of Joe Humphrey, was sent up for 45 days.

Trustees Elected.

Missoula, Nov. 8.—The stockholders of the Union Hall company to-night had their annual meeting and elected the following trustees: J. A. Ferguson, Frank M. Kelly, H. G. Galt, C. C. Ives, E. S. Newton, John Kane, Joseph Gremier, Jr., and Henry Forrey.

Snow on the Divide.

Missoula, Nov. 8.—General Roman drove into town this evening, having come all the way from Gibberville by team. He reports considerable snow on the divide, Gibberville and the other camps over the hills are thriving.
